

Oizom is an Environmental IoT company offering data-driven environmental solutions for better decision-making. Using our sensor-based hardware, we monitor various environmental parameters related to air quality, noise, odour, weather, radiation, etc. Our data analytics platform derives various actionable insights for authorities, communities, and industries. Through smart environmental solutions and data science, Oizom is striving to play an important role in future cities. Since its inception in 2015, Oizom is primarily focused on environmental monitoring technology and solutions. In a short span of 6 years, Oizom solutions are live at 1000+ locations monitoring the environmental health of more than 23 million people every day. Oizom solutions are actively monitoring the environmental conditions of 15 Smart Cities in India. The solutions are live in 25 global cities like Mumbai, Delhi, London, Tokyo, Istanbul, and a few more. Through an ecosystem of network-partners, Oizom has a strong presence in 50 countries.

VISION : Keeping Environment at the core, we envision to empower various industries with highly scalable data-driven solutions for better decision making.

MISSION : Implement our Environmental IoT and Environmental AI solutions in 50 Major cities of the world by 2022.

Oizom® Product Range

Polludrone®
Ambient Air Quality Monitor

Odosense®
Odour Monitoring Equipment

Dustroid®
Ambient Dust Monitor

Weathercom®
Automatic Weather Station

AQBot™
Industrial Grade Single Parameter Air Quality Monitor
